

BA Psychology Honours

Duration: 30

Hours Credits: 4

Objective: To go beyond the prescribed curriculum for comprehensive learning and overall development of the student

Process: TYBA students can volunteer to opt for the programme. The programme would be of four credits to be completed in one academic year. The programme would consist of following activities:

1. Two workshops to be attended in the academic year followed by Discussion. Each comprising of 2 credits (12 hours)
2. Completion of Group Research Project comprising of 2 credits (18 hours)
OR
Participation in the Community Outreach Programme comprising of 2 credits (18 hours)

The student would be awarded the certificate on successful completion of BA and after earning all required credits.

Outcome:

1. Students learn how to apply classroom learning by undertaking research project or an outreach project
2. Students gain knowledge by participating in workshops conducted by experts from the industry. The workshops would give them a glimpse of Counselling therapies, thereby, generating their interest in Counselling Psychology. This would help in retaining students for our MA Counselling Psychology course.
3. It helps in overall development of the student, grooming them beyond their curricular requirements
